Whether you are buying a new business, a piece of real estate or equipment or developing land, you will likely require outside financing. Identifying a lender, negotiating the loan and document terms and preparing for closing a loan may be something you do routinely, but more likely, it is a once in a while thing. We will outline issues for consideration throughout the process and will show you how to successfully reach the end goal of getting the money.

The Business Advisory Group is made up of some of our firm's top business, tax, trusts and estates and employment lawyers. Their goal is to first understand your business, and then to help you be successful by providing valuable and creative legal advice to improve the operation of your business now and to prevent problems in the future. The members of the Business Advisory Group will strive to be your trusted advisors and counselors.
